No. 741

Date 09/07/2018

## Office Order

In view of the restrictions imposed by the Hon'ble Supreme Court of India and Hon'ble High Court of Rajasthan the various contractors seek for permission to use alternative sand in place of river sand. And various Governmental Organizations like MES, RSRDC, RSAMB and JDA have already permitted the use of manufactured sand (M-Sand) in their projects.

For timely completion of the ongoing projects contractors are directed to arrange M- Sand fine aggregate conforming to following relevant IS/MORTH codal specifications:

- (i) IS: 383:2016 Specifications for coarse and fine aggregate for concrete.
- (ii) IS: 2116:1980 Specifications for sand for masonry work.  
(Reaffirmed in 1998)
- (iii) IS: 1542:1992 Specifications for sand for plaster.

The relevant codal provisions and specifications for fine aggregate to be used on work should be strictly ensured. ***The use of this alternative fine aggregate be allowed only till the ban on mining activity of River sand by Hon'ble Supreme Court of India.***
